

Geofabrics International Golf Bunker Photo Competition Results

Geofabrics International thanks all of you who participated in our Golf Bunker Photo Competition.

Congratulations go to Garth James from South Africa and Pablo Figerio from Chile for their photos competing for “The Best Golf Bunker in the World” and “The Worst Golf Bunker in the World”. You will both be receiving your Apple iPod Touch 8GB shortly.

The photo on the left below shows Bunkermat[®] being installed at The Zimbali Golf Estate in South Africa. To save embarrassment, we will not disclose where the photo on the right comes from!
